

Greek to GCSE: For OCR GCSE Classical Greek (9-1): Part 2 (2nd Revised edition)

Filesize: 8.03 MB

Reviews

Very helpful for all class of people. Sure, it is actually play, nonetheless an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Carole McClure)

GREEK TO GCSE: FOR OCR GCSE CLASSICAL GREEK (9-1): PART 2 (2ND REVISED EDITION)

Bloomsbury Publishing PLC. Paperback. Book Condition: new. BRAND NEW, Greek to GCSE: For OCR GCSE Classical Greek (9-1): Part 2 (2nd Revised edition), John Taylor, First written in response to a JACT survey of over 100 schools, this textbook has become a standard resource for students throughout the UK and for readers across the world who are looking for a clear and thorough introduction to the language of the ancient Greeks. Now revised throughout and enhanced by colour artwork and text features, this revised edition will support the new OCR specification for Classical Greek (first teaching 2016). Written by a long-time school teacher and examiner, this two-part course is based on experience of what pupils find difficult, concentrating on the essentials and on the understanding of principles in both accidence and syntax: minor irregularities are postponed and subordinated so that the need for rote learning is reduced. It aims to be user-friendly, but also to give pupils a firm foundation for further study. Part 1 covers the basics, whereas Part 2 introduces a wider range of grammatical forms and constructions, with a vocabulary of 480 words and reading material from Socrates and the Sophists to the world of myth, and finally to extended passages of lightly adapted Herodotus. Practice passages and revision sentences for GCSE complete Part 2, which has a reference section covering the whole course.
