Nerve Centre (Paperback)

By Dale Brown, Jim DeFelice

HarperCollins Publishers, United Kingdom, 2002. Paperback. Book Condition: New. 174 x 114 mm. Language: English . Brand New Book. The second in a new series of high-tech, military-adventure thrillers centred on Dreamland, a top-secret weapons research centre, from the acclaimed author of FLIGHT OF THE OLD DOG and WARRIOR CLASS. Hidden in the Nevada desert is Dreamland - an advanced aerospace-weapons testing facility where the best of the best develop artillery and aircraft that push beyond the cutting edge. Dreamland's latest project is Flighthawk - an unmanned aerial-attack aircraft. To help pilots master the complex remote-flying skills required to control it, a high-risk system is being trialled, in which a microchip is implanted in the pilot's skull. Initially, all goes well for the first volunteer, Army Captain Kevin Madrone. But the psychological stress proves too much - and suddenly Madrone disappears, armed with one of the most powerful weapons in the world.
