# Algorithms and Bugs (Hardback)

By Heather Lyons, Elizabeth Tweedale

Hachette Children s Group, United Kingdom, 2016. Hardback. Book Condition: New. Alex Westgate (illustrator). 233 x 194 mm. Language: English . Brand New Book. This book will help budding young programmers explore two fundamental elements of computer code: algorithms, and what happens when they re full of bugs! Learn how to write algorithms that direct computers to search, sort and make decisions, then hop online to try out your new skills on the companion website. Let s get coding! Kids Get Coding is a fantastic, hands-on resource for anyone looking to get started with coding. The four books cover key areas of the KS1 computing curriculum with simple text. Each title contains practical on- and off-line activities that are easy to follow and fun to try on your own or with friends. Guiding young coders through each title is Data Duck - a computer-programming mastermind here to help with hints and tips! The Kids Get Coding series is written by Heather Lyons and Elizabeth Tweedale of blue - a company dedicated to teaching children to become active creators of technology.

Reviews

Merely no words to spell out. It is amongst the most awesome publication i have read. Your life span will likely be transform as soon as you full reading this book.
-- Marvin Okuneva

Completely among the best publication I have got at any time go through. I have got go through and so i am confident that i will likely to read again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
-- Zachery Mertz
