Paperback. Book Condition: New. Paperback. 58 pages. The best life is a happy life, and a happy life is easy to achieve: all you need is to understand what is natural and needful for human beings (such as health, serenity, and companionship), and to avoid destructive emotions like anger and envy along with groundless desires for fame, power, public honors, great riches, and immortality. So argued the Greek philosopher Epicurus. Although he lived over 2300 years ago, the ideas and practices that Epicurus recommended are still compelling today. Letters on Happiness explores Epicureanism through a modern, down-to-earth dialogue between two young friends (and includes all-new translations of key Epicurean texts). Their extended conversation peels away the layers of misunderstanding about Epicurus that have accumulated over the centuries (e. g. , that he advocated an unthinking hedonism), revealing the positive wisdom that lies at the core of this ancient creed. As Epicurus himself observed: Reflect on what brings happiness, because if you have that you have everything, but if not you will do everything to attain it. Letters on Epicurus provides essential insights for the pursuit of happiness. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
