Brand New Book ***** Print on Demand *****.Coyote Recrudescent: The Monolithic Myth Multiplies! (SubQuantum Endothermic Edition). These twisted takes on traditional tales of the Trickster detail the continued frenetic mythopoetic adventures of the ancient Coyote in post-modern civilization as he steals, cheats and lies for pleasure and profit. Coyote reenters the modern world, drawn back in by the popular retelling of traditional trickster stories around charcoal fires in trailer parks. The world is confusing, but he manages to steal big and live big. Finally tired of fighting, and dying from cancer, he retired to Flalaland, moving into a retirement condo, and bringing unwanted excitement to the elderly inhabitants. But, the challenges of retirement are too daunting, and Coyote reenters the fray, to combat new monsters that threaten wildlife, while at the same time trying to get rich through pornography and banking. He tries to develop his own religion to become powerful and wealthy. He has to avoid the vengeance of powerful people and restored gods, including Forest Trump, Sam McHooter, Adolf Wittenschnege, Brigid (the Lady of the Lake), and Seth. Having alienated the new gods, from Gaia and Humanity to Bottomline and Media, he has to avoid their attempts to keep him in line...
