Reviews

An extremely wonderful pdf with lucid and perfect explanations. I could possibly comprehend every little thing out of this created e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Janie Wilkinson)

MEANING IN ABSURDITY: WHAT BIZARRE PHENOMENA CAN TELL US ABOUT THE NATURE OF REALITY

John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, Meaning in Absurdity: What Bizarre Phenomena Can Tell Us About the Nature of Reality, Bernardo Kastrup, This book is an experiment. Inspired by the bizarre and uncanny, it is an attempt to use science and rationality to lift the veil off the irrational. Its ways are unconventional: weaving along its path one finds UFOs and fairies, quantum mechanics, analytic philosophy, history, mathematics, and depth psychology. The enterprise of constructing a coherent story out of these incommensurable disciplines is exploratory. But if the experiment works, at the end these disparate threads will come together to unveil a startling scenario about the nature of reality. The payoff is handsome: a reason for hope, a boost for the imagination, and the promise of a meaningful future. Yet this book may confront some of your dearest notions about truth and reason. Its conclusions cannot be dismissed lightly, because the evidence this book compiles and the philosophy it leverages are solid in the orthodox, academic sense.
